

The Johnny Cash Experience

"DAVID STONE: The Johnny Cash Experience" plays to a new generation of fans too young to have known the real thing in its zenith.

The mission of "DAVID STONE: The Johnny Cash Experience" is simple: We are an accurate, note-for-note, authentic representation of The Johnny Cash Show, without cheap "impersonation". Like the original BEATLEMANIA, the music and history of the legend is conveyed with dignity.

"DAVID STONE: The Johnny Cash Experience" offers three 45 minute acts: Early Johnny Cash, Johnny Cash & June Carter, and the Folsom Prison Concert Era.
